

Curriculum Vitae

ISTVÁN BERKES

Alfréd Rényi Mathematical Institute, Hungarian Academy of Sciences
1053 Budapest, Reáltanoda u. 13–15. Tel: 483-8306.
email: berkes@renyi.hu

PERSONAL DATA

Born: September 16, 1947 in Barcs
Home address: 1136 Budapest, Tátra u. 12/A.

EDUCATION

Mathematics degree	Eötvös Loránd University, Budapest, 1971
Ph.D.	Eötvös Loránd University, Budapest, 1974 (with “Sub auspiciis”)

OTHER ACADEMIC DEGREES

Candidate of the Mathematical Sciences	Hungarian Academy of Sciences, 1977
Doctor of the Academy of Sciences	Hungarian Academy of Sciences, 1996

POSITIONS HELD

1971–80	Researcher	A. Rényi Institute of Mathematics, Budapest
1981–96	Senior researcher	A. Rényi Institute of Mathematics, Budapest
1997–	Scientific advisor	A. Rényi Institute of Mathematics, Budapest

VISITING POSITIONS

1975–77	Visiting Lecturer	University of Illinois at Urbana
1978–79	Visiting Scholar	Carleton University, Ottawa
1983–84	Visiting Professor	University of Göttingen, Germany
1984–85	Visiting Professor	Texas A&M University
1985–86, 1991-93	Visiting Professor	University of Texas at Austin
1986–87, 1993-94	Visiting Professor	University of Illinois at Urbana
1995–96, 1999-01	Visiting Professor	University of Utah, Salt Lake City

RESEARCH INTERESTS/EXPERIENCE

Probability Theory	Asymptotic theory of independent, exchangeable, stable and mixing processes, invariance principles, pathwise central limit theory
Mathematical Statistics	limit theorems, non-linear time series
Analysis and Number Theory	lacunary series, discrepancy theory, metric entropy, applications of probability theory in analysis and number theory

AWARDS

- 1972 Catherine Rényi Prize of the Bolyai Mathematical Society
- 1974 Grünwald Prize of the Bolyai Mathematical Society
- 1988 Rényi Prize of the Hungarian Academy of Sciences
- 2003 Academic Prize, Budapest
